Dear Secretary of State,

Re: The Metropolitan Borough of Stockport (Harcourt Street, North Reddish) (Primary School and Children's Centre Development Scheme) Compulsory Purchase Order 2008

Further to my letter of even date will you please find enclosed 202 further letters of representation that have been received directly by the Council in respect of the aforementioned Order.

We are endeavouring to inform the writers that their letters have been passed to you.

The enclosed letters are almost identical to the six letters that accompany my other letter to you today and for the same reasons already indicated the Secretary of State is urged to treat the substance of the letters as being insufficient to warrant a local Public Inquiry being held.

Yours sincerely,

for Council Solicitor.
